[Despatch Abstract.]

Medical Institutions-Bellary District Board-Local Fund Dispensary-Kampli-Construction of a maternity ward-Proposal-Approved.

Honoured Sir,

In enclosing herewith a copy of our last letter I request you Honoured Sir to be kind enough to give us all possible help in completing this work which has unnecessarily delayed for want of an approved plan. This is a work to be completed by raising public subscriptions hence our prayer for early construction when the public are enthusiastic of the

ASST. SECRETARY TO GOVT. EDUCATION AND PUBLIC HEALTH DEPT.
1 AUG 1947

Recently We have suggested a miniature of an approved plan of the Maternity Ward going to be constructed at the Head Quarters Hospital, Bellary, with an addition of three special paying rooms. As such I presume there will be little difficulty in approving the same.

Finally I pray you Honoured Sir to be kind enough to accept this munificient gift of the public and pass speedy orders to enable us to complete the work.

Kampli.(DT:Bellary).

To,
The Special Officer,
District Board,
Bellary.

Sir,

With reference to your letter S.No.8273/46 dated 28-7-47 I xx wish to clarify the present situation of the Committee.

In the month of November last a proposal to get a Maternity Ward built here by Public ~~xxxxxxx~~ subscription was made under the guidance of the District Collector,Bellary. By December 1946 one third of the amount donated was collected and in the last week of the same month a plan drawn by the Engineer(HighWays) at the technical advise of the then Distrcit Medical Office was sent to Government for approval. In the 2nd week of January 1947 foundation stone of the above Ward was laid by Her Excellency Lady Nye after getting the tentative approval of the Government. By the end of March 1947 all materials required for construction were collected. As such We were under the impression that the tentative approved plan would be approved and sent for execution. But to our misfortune the then approved plan has not been approved now. When the plan inspite of repeated requests is not got for us for execution the public lost all enthusiasum thereby no further collections were made. The eagerness of the public towards this work may kindly be noticed from the rapid progress in collection work.

As at present We have 450 C.Yds. of building stones 600 running yds of stone slabs enough teak wood for door and window frames with a cash of Rs 3000-0-0 nearly on hand. Cement has not been received inspite of the order placed for supply.

The Committee has taken up the responsibility of getting a Ward of 8 or 10 beds built and hand it over for maintenance. A plan, of the miniature of the one ~~xxx~~ going to be built at the Head Quarters Hospital,Bellary, which has been approved by the Government was submitted in our last letter. This gives provision for 4 general beds (clean casses) 2 beds septic casses,3 special paying rooms. We think this is enough for a village of 8000 to 10000 population.

Further collections could not be rushed through as much time has lapsed in getting an approved plan as per details given below. If an approved plan of about 120 units of masonary work is got for us We will collect further sums of money and see that a substantial building is completed even by the end of 1947. When the local donars themselves take up the work it may be imagined how soon this work could be completed. It was x for this reason the Special Officer,District Board,Bellary,was prevailed upon not to hand over the construction to a Contractor who evinces little enthusiasum over this construction being a foreigner to this place. The Committee undertakes to construct the building themselves suitable to the place at the technical supervision of the District Medical Officer,Bellary and the Divisional Engineer(HighWays) Bellary.

Finally We request that early orders with an approved plan be sent soon to complete the work.

1) Date if proposal November 1946
2) Amount collected 10-12-46
3) Plan sent for approval 26-12-46
4) Foundation stone laid -1-47
5) Collection of material completed 1-4-47
6) plan said to have been not approved. July 1947

Ref:- Government Memo No. 65120/47-1-g 2-P.H. dated 27-8-47.

.....

In this Office reference C.No. 8273/46 dated 22-12-46 the plans were sent to the District Medical Officer, Bellary with a request for transmission to the Surgeon General Madras for approval. The District Medical Officer, Bellary returned the plans with his reference No. 5630/46 dated 7-6-47 as also a copy of the Surgeon General's reference 84514-MI dated 31-5-47 for altration. The plans were forwarded tothe Divisional Engineer High Ways, Bellary with this Office C.No. 8273/46 dated 10-6-47 for immediate ~~alteration~~. He was reminded to expedite the plans in this Office ROC No. 8273/46 dated 20-7-47, 28-7-47, 20-8-47. Still plans are pending with him. He will be reminded in the matter once again.

I herein enclose a copy of this Office letter C.R.No. 8273/46 dated 8-8-47 addressed to the District Medical Officer, Bellary, on the letter of the Secretary, Maternity ward, Copy of which was recieved in this Office also. The District Medical Officer's reply is awaited, He is being reminded in the matter.

In this connection I invite kind attention to this Office reference C.No. 8273/46 dated 22-12-46 seeking for Government's permission to utilize the savings accrued on account of the transfer of L.F. Dispensary, Siruguppa to Government, for the maintenance of the proposed Maternity ward at Kampli and request the favour of early orders in the matter.

3/9/47

ENCLOSURE.

Copy of this Office C.R.No. 8273/46 dated 8-8-47 to the District Medical Officer, Bellary.

.....

Sir,

Sub:- Maternity Ward- Kampli .
Ref:- Your reference No. 5630/46 dated 22-7-47 and 2-8-47.

....

The Secretary, Maternity ward Committee, Kampli states that the Committee has taken the responsibility for the construction of a maternity ward of 8 or 10 beds and that the ~~permission~~ provision made in the plan approved for maternity ward of Bellary which was sent by you for 4 general beds, 2 beds for septic cases, and 3 special paying rooms is sufficient for their purpose. It is not possible to state the cost as it may depend on the type of building put up according to plan which may be furnished by you with the approval of the Surgeon General.

P.T.O.

In view of the fact that it is aleady more than 6 months since the foundation stone was laid in January this year, I request you to send up an approved plan soon by avoiding delay in correspondance, ~~x~~. What ever the cost the Committee has agreed to collect funds and construct a building for the maternity ward of say 8 or 10 beds.

Sd. T.A.Narasa Reddi,

PUBLIC WORKS SECRETARY, EDN. AGRI & PUBLIC WORKS DEPARTMENT OF MADRAS

Honoured Sir,

It is our great fortune to have you amidst us on this important day, as usual to burden you with our requests. Though not iirectly connected with you We are confident it is within your sphere of fulfilment.

In November last having keenly felt the need for Maternity Aid We decided to get a Ward constructed here at Public cost of nearly Rs 25000/-. The Special Officer,District Board,kindly accorded sanction for maintaining from District Board Funds. The need for such an institution in a nook and corner place like this with a population of 10000 bereft of all maternity aid, comming into much importance under the Tungabhadra Project Scheme may kindly be imagined.

With great enthusiasum We got the foundation stone of the building laid by Her Excellency Lady Nye in January 1947. With this object in view We collected stones,wood etc, required for the construction as it has been our intention not to entrust the work to a Contractor. We have been eagerly waiting all these days for an approved plan. The plan sent up in December last was not approved. According to the recent directions of the Government We sent up a modified plan on the lines of the one going to be constructed at the HeadQuarters Hospital,Bellary. It may not be out of place to mention that We also submitted a memorandum to the Honourable Minister for Public Health in June 1947. To our great misfortune nothing has turned up till now. We fear by loosing time like this We stand to loose Public faith and in turn may loose their co-operation also.

Having thus narrated our position We request you Honoured Sir, to make a speedy enquiry in the matter and get us this enclosed plan duly approved to enable us to achieve our object early. We further request you to give us facilities for getting Cement and Iron for this work by issuing Special Permits.

Lastly our foremost ambition towards the efficient run of this sacred Medical unit We fall back on your help Honoured Sir to move the Government on our behalf and on behalf of your backward district to take over its management from the hands of our meagre resourceful District Board.

We remain
Honoured Sir
Yours obediently
Maternity Ward Committee.

KAMPLI.

My Dear Shetty,

12 SEP 1947
GOVERNMENT OF MADRAS

Sub:- Maternity Hospital at Kampli - Bellary Dt.

The townsmen of Kampli are prepared to construct at their own cost a Maternity and Child Welfare Centre according to the plans approved by the Department but they are anxious that it should be taken over by the Government and run as Government institution. They areprepared to equip with about 20 beds. This place has no facilities specially for maternity and child welfare. It is about 20 miles from Hospet and 32 miles from Bellary, besides it is a thickly populated area and a large number of villagers can easily take advantage of the Centre. May I suggest that you take up the matter and depute the concerned officer to contact Dr.Hulikunti Rao and Sri Motilal Sait in the matter.

Yours sincerely,

13 SEP 1947

Hon'ble Sri A.B.Shetty,
Minister for Health,
Fort St.George, Madras.

To

The Hon'ble Sri.A.B.Shetty,
Minister for Public Health,
Government of Madras,
M a d r a s.

Honoured Sir,

We feel grateful for the opportunity given to us to represent our need personally. We would have been more joyous if we had an opportunity to show the work turned out by us for achieving our object. But yet we are confident that this attempt of our will meet with success with your help.

With the object of having a Maternity home here ~~xxx~~ which aid is a rarity in our District, the public of KAMPLI promised contributions enough to construct ~~xxx~~ a building of 10 beds. Nearly 12 months back its foundation stone was laid by Her Excellency Lady Nye without an approved plan. Eagerly awaiting for the plan, we got enough material of all kind collected for the work. Several representations sere made to all authorities in the Province for a plan, but to no avail. Every officer informs us that without sufficient money on hand the plan cannot be drawn. When we repeatedly expressed that we have collected enough material and are eager to finish the work under the instructions of the Divisional Engineer (Highways) Bellary, it is a pity why they should be very particular of money for aiding us with a plan.

As matters stand now, we request you Honoured Sir, to prevail on the Surgeon General to approve the plan we have lately drawn and sent in accordance with the instructions contained in his Memorandum No.84514/M/1 dated 21-5-1947.

From these events, we are led to think that our ill-luck of not being heard is due to our nativity in Kannada Villages of a Backward District.

In other parts of the Presidency such institutions have been constructed by Government aid and run by Government aid to an extent of even half of its recurring expenditure. To our lot we are not able to get a plan approved to finish our work.

Under the above circumstances, we request you Honoured Sir, firstly to get us the plan approved and secondly towards the efficient future run of this Medical Unit the Government may either manage it or aid our meagre resourceful District Board with half of the recurring expenditure.

We beg to remain,
Honoured Sir,
Public of Kampli.

Kampli.

Private Boards

Medical Department.

From

Col. K.L.Bhatia, CIE.,MC.,MA.,MD (Cantab), FRCP (Lond), FRS (E),
Surgeon-General with the Govt. of Madras. Madras 6.

To

The Secretary to Government,
Education and Public Health Department.

Ref.No.84514-A.1, dated January 1948.

Sir,

Subject:-Buildings - Local Fund dispensary, Kampli - construction of a maternity ward - approval of plans -

Ref:-Government Memorandum No. 65120/47-6 G.2 P.H.,dated 9th December 1947.

The plan prepared by the Divisional Engineer (Highways) has been received in this office, but the same has not been approved, as it is defective in certain aspects. Further, though the District Board has addressed the Government to sanctionthe scheme as back as December 1946, no such sanction appears to have been accorded so far. Pending the approval of the scheme by the Government, the plan was not scrutinised and approved. Added to the above facts, the committee has not come forth with a clear statement of the amount that would be available for the purpose, so that a design with reference to the amount available could be got prepared. In this connection a copy of letter C.B.No. 8273/46, dated 18-11-1947 received from the Special Officer, District Board, Bellary together with a copy of letter from the Secretary, Maternity Ward Construction committee, referred to therein is herewith forwarded for the information of the Government. The donors claim to have collected materials worth Rs. 8,000/- to Rs. 10,000/-. The only cash available with them appears to be Rs.3,000. However, being a public enterprise, and with reference to the assurance of the Special Officer that the committee is sure of raising the required amount, and that the question of finance need not be pressed any further, I am tentatively approving a pencil sketch received from the Secretary, subject to certain additions and alterations. The plan is being returned to the committee for the preparation of a revised plan, and they are being informed, that the actual work can be commenced only after the receipt of Government orders sanctioning the scheme, and the revised plan is finally approved by me.

Your obedient servant,

for Surgeon-General with the Govt.of Madras.

Copy of letter of the Collector and Special Officer, District Board, Bellary, to the District Medical Officer, Bellary (copy sent to the Surgeon-General with the Govt.of Madras, C.B.No. 8273/46 dated 18th November 1947.

In continuation of this office reference cited above, I herewith forward a site plan of the existing dispensary indicating the location of the proposed ward.

As stated by the Secretary, Maternity Ward, Kampli, in his letter dated nil (received in this office on 12-11-47) a copy of which is enclosed, the question of finance required for the construction of the Maternity Ward may be left to the Committee, as they are cocksure of raising funds, if only the work is started. The question may not be pressed further. As regards the question of maintenance of the ward when completed, due provision was already made in the current year's budget, with the expectation that the work would be completed before the closure of the year. The Government was accordingly addressed in this office Ref.C.No.8273/46 dated 22-12-46. The approval of the plan by the Surgeon-General is pending for nearly a year. Attention is invited to para.5 of the Secretary's letter referred to above. The approved plan should be placed at the disposal of the Committee without further delay, as otherwise the generous offier made by the public of Kampli may not be realised. There

p.t.o.

is certainly no reason whatever for the long delay in the matter which is nearly a year old now.

Copy of letter No. Nil from the Secretary, Maternity and Construction Committee, Kampli to the Special Officer, District Board, Bellary dated 12-11-47.

With reference to your C.R.No. 8273/31-10-47 the Committee in enclising herewith the site plan and plan of the Maternity Hospital we request speedy action in the matter.

In spite of our representations toall responsible authorities eleven long months have slowly rolled on without getting us an approved plan for finishing the work promised by us. As the committee could not reach any tangible stage nay even not been able to get a plan specially when our Special Officer is the District Collector the donors have lost all hopes which if allowed to be fanned by the difficult days ahead may lead to difficulties. It is a known fact that nearly Rs. 30,000/- were promised out of which Rs. 8,000/- to Rs. 10,000/- have been spent for collecting enough materials like stone and timber and we have yet Rs. 3000/- on hand. Further collections will be made.

3. The cost of the building nor the amount available on hand may not kindly be taken into consideration in getting this enclosed plan drawn in accordance with S.G's. Memo. C.No. 84514/1 -31-5-47 be approved. We may be put to be test only after handing over an approved plan and permits for Cement and Iron as the distribution is controlled by the Government.

4. Darker days are already sighted due to great fall in the price of Jaggery. Many will be hit hard. At such a moment it may be awakward for us to press for further donations. Hence this fact may also be kept in view to hasten up in getting a plan.

5. We gather from the newspapers that in other parts of this Presidency where public contributed smaller amounts, Maternity hospitals are constructed by Government aid. From this we really claim to be unfortunate we are unable to get an approved plan from the Government even when we promise to finish the construction without Government aid. Being men of backward districts where Maternity aid is a rarity, we expected aspeedier action in our case.

6. We had submitted application to the District Collector, Bellary, for cement and Iron bars. Nothing successful has turned out till now. Hence, our humble request to issue us permits early as this is for a bona fide public purpose.

7. Under the above circumstances viewing our position in a bacward district where maternity aid is unknown, and the difficult dayswe have to face, due to fall in price of Jaggery every help may kindly be given to us early by approving the enclosed plan drawn according to the one going to be constructed at Bellary Headquarters hospital.

Delay may end in difficulties.

I invite kind attention to this office references cited above and request the favour of early orders in the matter. The Committee which has undertaken the construction of the Maternity Ward is anxious to know that the future and regular maintenance of the institution is ensured to the donors.

ASSISTANT SECRETARY TO GOVERNMENT
11 FEB 1948
EDUCATION AND PUBLIC HEALTH DEPARTMENT

For Special Officer,
District Board, Bellary.

P.S.R.6/2-

Medical Institutions - Bellary District Board - L.F.Dispensary, Kampli - Construction of a maternity ward - Proposal - Approved.

Read:- G.O.No.1212 P.H., dated 17-4-46.

From the Secretary, Maternity Ward Committee, Kampli dated nil.

From the S.O., District Board, Bellary, Ref.C.No. 8273/46 dated 2-9-47.

From the S.G., Ref.No.84514-M.1 dated 16th January 1948

G.O.Ms. 535 P.H., dated 23-2-48

The Government approve the proposal of the Maternity Ward Committee, Kampli, to construct a maternity ward in the L.F.Dispensary, Kampli from its own funds and after completion thereof to hand it over to the Bellary District Board for maintenance. The construction should be commenced only after the plan is finally approved by the S.G.

2. In partial modification of G.O.No.1212 P.H. dated 17-4-46, ~~to~~ the Bellary District Board is permitted to utilise the savings accrued on account of the provincialisation of the L.F.Dispensary, Siruguppa, for the maintenance of the proposed ~~xxxxxxx~~ maternity ward to be constructed in the L.F.Dispensary at Kampli.

To

The S.O.,
District Board,
Bellary.

The S.G.

The Secretary,
Maternity Ward Committee,
Kampli.

The Examiner of L.F.Accts.

Issued as Memo. 65120/47-1 G2,P.H., dated 27-8-47.
From the Collr. & S.O., Dt. Bd., Bellary, C.No. 8273/46, dated 2-9-47.
" Member, Maternity Ward Committee, Kampli, dated 8-9-47
" Hon. H. Sitarama Reddy, Minister for Industries and Information, dated 10-9-47.

--

MEDICAL INSTITUTIONS - Bellary Dt. - L.F. Hospital, Kampli - Construction of a maternity ward.

--

In December 1946, the S.O., Bellary Dt. Bd. represented that the villagers of Kampli have offered a donation of Rs. 30,000/- for the opening of a maternity ward in the village and ~~have~~ suggested that after completion of the ward, it should be taken ~~care of~~ over by Govt. While submitting the proposal, the S.O. ~~suggested~~ proposed that the Dt. Bd. might be permitted to utilise the savings accrued by the transfer of the L.F. Dispensary, Siruguppa, to Govt for the maintenance of the maternity ward. The idea was that the maternity ward should be constructed in the compound of the L.F. Dispensary at Kampli. The S.G., who was consulted in the matter, supported the S.O's. proposal but pointed out that there was no evidence of any donation ~~that~~ having actually been realised for the work. He suggested ~~that the amount promised towards the cost~~ that the procedure prescribed in G.O. No. 978, P.H., of 1945 ~~might~~ should be followed and that the amount promised towards the cost of equipment at least should be deposited with the Dt. Bd., Bellary before the work is started. He also wanted ~~the~~ particulars about the ~~exact cost of the building~~ recurring and non-recurring expenditure involved in the scheme. While the matter was under consideration, the villagers wanted that Her Excellency should lay the foundation stone for the proposed maternity ward. This was arranged for and the stone was laid in January 1947.

2. The Secretary of the Maternity Ward Committee now represents that the committee has already submitted plans and estimates and that so far no action has been taken. It appears the committee has already collected a sum of Rs. 3,000/- and also certain quantities of building materials and that for want of quick action on the part of authorities, there is slackness in collection of donations from the public. The S.O. of the Dt. Bd., who was referred to in the matter, report

P.T.O. -2-

reports that the plans and estimates are pending approval with the Divl. Engineer, Highways, Bellary and that he has already been reminded thrice in the matter. He also wants orders on his proposal to utilise the savings from the provincialisation of L.F. Dispensary, Siruguppa for the maintenance of the proposed maternity ward.

3. It is submitted that till the plans are approved by the Engineering Dept. no action seems possible. The C.E. may perhaps be asked to instruct the Divl. Engineer to expedite his scrutiny of the plans and estimates. The Secy. of the maternity ward may be informed about the action taken.

The maternity ward will be constructed in the compound of the L.F.Hospital, Kampli. The Special Officer of the Dist. Board proposes to maintain it with the savings resulting from the provincialization of the L.F. Hospital,Siruguppa, ordered in G.O.No. 1212 P.H. dated 17-4-'46. He wants sanction of Govt. for this purpose as it is different from the condition subject to which the provincialization was sanctioned viz., that the Dist. Board should open and maintain from the savings one or more additional regular or rural dispensaries. ~~It is submitted that orders on this point may perhaps be issued after the ward is completed and sanction for additional staff and equipment is given.~~ This sanction may be given

4. Subject to approval, two drafts are put up. It may be circulated to H.M.(P.H.) and H.M.(Ind) after issue.

C.No.93983/41, From the C.E. (Highways) No.4878-4943 MR. dated 26-11-47.

Issued as Memo 6512a/47-6(2) P.H., dated 9-12-47.

C.No 3307/42 From the S.E. Ref No.84514-M.1 dated [illegible]

The S.E. reports that he has tentatively approved a pencil sketch received from the Secretary, Maternity Ward Committee subject to certain additions

and alterations and that it has been returned to the Maternity Ward Committee for the preparation of a revised plan. He has also informed the Secretary of the Committee that the actual work can be commenced only after the receipt of Government orders sanctioning the scheme and the revised plan is finally approved by him. Attention is in this connection invited to the letter of the S.O., Bellary District Board, at p.1 c.f. of (y) in which he requests sanction of Government to utilize the savings accrued on account of the provincialisation of the L.F.Dispensary, Siruguppa for the maintenance of the proposed maternity ward.

The proposal to construct a Maternity ward in the L.F.Dispensary at Kampli may be approved subject to the condition that the revised plan is approved by the S.G. The request of the S.O. to utilise the savings for the maintenance of the maternity ward may also be approved.

A draft order is submitted for approval. ~~The xxxxx~~
